CLIMATE

While Green Bay is often described as the frozen tundra, residents know that the overall climate is more temperate with its variability and distinctive weather patterns across the seasons. Extended periods of humid or subzero temperatures are uncommon due to the moderating effect of Lake Michigan so close by. Well-seasoned Wisconsinites surprise newcomers with their ability to continue "business as usual" in the bad weather. Only in the most severe cases does the weather impact business.

Wisconsin's state symbol...

the badger, doesn't refer to the animal, but instead to the 1820's lead miners who traveled for work and dug tunnels to sleep in and keep warm, much like a badger. Celebrate the name on gameday with the UW-Madison Wisconsin Badgers!

"I lost 58 lbs total with hypnosis, 40 lbs in five short months. I went from a bulky size 14 to a size 4 and it feels great. I was unhappy when I had weight on. Just look at my before picture and you get some idea of the suffering. Even my big clothes were too tight. Wow, did I feel sorry for myself. I really used to think it was hopeless.

BEFORE

Hypnosis ended my struggle with weight. I had been to gym programs. I tried dieting. I even ordered videos. Nothing lasted. Now I'm a size 4 and this program is completely the reason why. My search stopped here."
 -CANDACE RICHTER

AFTER

Most speakers just relash all the old familiar themes. Our approach is unique and incredibly effective. Jay started a very successful sales person, then trainer for companies, like in 17 states by the age of 27. Gaining in the Caribbean he was hounded by pirates, and losing all, to helping thousands of people to succeed getting rid of bad habits and beliefs that had them stuck. Imagine a habit and belief you have that has you stuck and stopped. What if you could free those beliefs without even a word of therapy? The power of Self Hypnosis can transform your style and beliefs into a new, better banner.
