CLIMATE

While Green Bay is often described as the frozen tundra, residents know that the overall climate is more temperate with its variability and distinctive weather patterns across the seasons. Extended periods of humid or subzero temperatures are uncommon due to the moderating effect of Lake Michigan so close by.

Well-seasoned Wisconsinites surprise newcomers with their ability to continue "business as usual" in the bad weather. Only in the most severe cases does the weather impact business.

FUN FACTS

UWGB, a serious university with a quirky history.

In fact, we were originally Bay Badgers. In 1971, "Phoenix" was elected official mascot over such entries as Hydros, Mavericks, Beavers, Voyageurs and more. Legend has it that election-day shenanigans pushed "Tomatoes" to a first-place finish.

FUN FACTS

What is a fun fact about Lambeau Field?

It is the oldest stadium with an NFL team in continuous residence but has been much enlarged since opening in 1957. (Read Walter Camp's 1903 Britannica essay on inventing American football.) City Stadium was built to replace a smaller stadium of the same name in a different location.

Chicago and North Western Railway Passenger Depot (Green Bay)

From 1896 to 1993 the city was the headquarters of the Green Bay and Western Railroad. In 1993, the line was purchased by the Wisconsin Central. In 2001, the WC was merged into the Canadian National Railway. The Chicago and North Western Railway also served Green Bay and its depot still stands. Green Bay was last served with a regular passenger train, the CNW's Peninsula 400, in 1971. The CNW sold its trackage from Green Bay south to Sheboygan in 1987 to the Fox River Valley Railroad, which became part of the WC in 1993. Green Bay also saw passenger service from the Milwaukee Road's Chippewa-Hiawatha, which ran from Chicago into the upper peninsula of Michigan. Green Bay is also served by the Escanaba and Lake Superior Railroad.

Wisconsin's state symbol...

the badger, doesn't refer to the animal, but instead to the 1820's lead miners who traveled for work and dug tunnels to sleep in and keep warm, much like a badger. Celebrate the name on gameday with the UW-Madison Wisconsin Badgers!

"I lost 58 lbs total with hypnosis. 40 lbs in five short months. I went from a bulky size 14 to a size 4 and it feels great. I was unhappy when I had weight on. Just look at my before picture and you get some idea of the suffering. Even my big clothes were too tight. Wow, did I feel sorry for myself. I really used to think it was hopeless.

BEFORE

Hypnosis ended my struggle with weight. I had been to gym programs. I tried dieting. I even ordered videos. Nothing lasted. Now I'm a size 4 and this program is completely the reason why. My search stopped here."
 -CANDACE RICHTER

AFTER

"After 44 years of smoking I feel free!"
 - TODD MICHAEL, Marion, WI
