

# GREEN BAY/DE PERE - BROWN COUNTY AREA RESOURCE GUIDE™

NEWCOMERS  NEIGHBORS  
independently owned and operated

2026 Vol. 31, Issue 5

Our guide for new, prospective, and current residents alike!

Office of the Mayor

Mayor Eric Genrich

Dear Newcomer:

Through your Newcomer Hostess, Joleen Allard, I welcome you to the City of Green Bay. As a community, we hope you are here to stay. We are excited to share that US News & World Report has ranked Green Bay as the best place to live in the United States for 2026-2027 and believe you will find examples of this achievement throughout our great community. [US News Ranks the Best Places to Live](#) Click on any blue link to learn more!

We hope you will have time to explore what makes our growing community the place to call home. Although we were chartered in 1854, we received our name in 1634 by French explorer Jean Nicolet. He named our area La Baye Verte (“The Green Bay”) due to our green colored waters. This once small town has grown to a population of over 107,415. If you would like to learn more please feel free to explore resources like the [Neville Public Museum](#) and [Heritage Hill State Park](#).

Our City is full of activity with runs/walks, farmers markets and other events for people of all ages, from educational activities to festivals all geared toward building community. Please click on any of the following links to see what is happening in Green Bay! > [Downtown Green Bay](#), [Discover Green Bay](#).

It goes without saying that for the sports enthusiast, a visit to the Green Bay Packer Hall of Fame may be in order. Green Bay also has the honor of hosting the 2025 NFL Draft, with an expectation of an additional 250,000 football fans joining us for the three-day event! We can't leave out our Green Bay Gamblers Hockey, University of Wisconsin-Green Bay athletics, as well as a host of high school sports! Our [Parks, Recreation & Forestry Department](#) offers programs for kids and adults! For park and or animal fun please visit our [Bay Beach Amusement Park](#), and [Bay Beach Wildlife Sanctuary](#)!

### [Weekly Office Hour](#)

Community members may visit me at a designated time each week to discuss their ideas, convey their concerns or provide their unique perspectives on city life and services. I want city residents to know their presence and opinions are welcome at City Hall, and I look forward to every opportunity to listen to and learn from community members. Office hours take place in-person, there is also a call-in option for those who prefer it. They are almost always scheduled on Thursdays from 3:30-4:30 but click [here](#) to find out when office hours will be scheduled each week.

Again, welcome to the City of Green Bay!

Mayor Eric Genrich

## CLIMATE

While Green Bay is often described as the frozen tundra, residents know that the overall climate is more temperate with its variability and distinctive weather patterns across the seasons. Extended periods of humid or subzero temperatures are uncommon due to the moderating effect of Lake Michigan so close by. Well-seasoned Wisconsinites surprise newcomers with their ability to continue "business as usual" in the bad weather. Only in the most severe cases does the weather impact business.

### Chicago and North Western Railway Passenger Depot (Green Bay)

From 1896 to 1993 the city was the headquarters of the Green Bay and Western Railroad. In 1993, the line was purchased by the Wisconsin Central. In 2001, the WC was merged into the Canadian National Railway. The Chicago and North Western Railway also served Green Bay and its depot still stands. Green Bay was last served with a regular passenger train, the CNW's Peninsula 400, in 1971. The CNW sold its trackage from Green Bay south to Sheboygan in 1987 to the Fox River Valley Railroad, which became part of the WC in 1993. Green Bay also saw passenger service from the Milwaukee Road's Chippewa-Hiawatha, which ran from Chicago into the upper peninsula of Michigan. Green Bay is also served by the Escanaba and Lake Superior Railroad.

### What is a fun fact about Lambeau Field?

It is the oldest stadium with an NFL team in continuous residence, but has been much enlarged since opening in 1957. (Read Walter Camp's 1903 Britannica essay on inventing American football.) City Stadium

was built to replace a smaller stadium of the same name in a different location.
